Prices Regulation Act (Chapter 320)

PUBLIC MOTOR VEHICLE (TAXI) PRICES ORDER 2009

MADE by the Independent Consumer and Competition Commission under Section 21 of the *Prices Regulation Act* (Chapter 320) to specify new maximum taxi fares which have been adjusted in accordance with the adjustment formula set out in the PMV and Taxi Services Prices Order 2007 and published in the *National Gazette* No. G175 of 15th November, 2007. The new maximum taxi fares shall take effect from the 6th of February, 2009.

TAXI SERVICES—MAXIMUM PRICES

For purposes of Sections 21(2)(a) and (d) of the *Prices Regulation Act* (Chapter 320), the maximum prices at which the taxi service may now be supplied are:

Flag Fall (fixed) Charge	Distance Charge
K1.70	K2.30 per kilometer

Supply of taxi services at these prices is subject to the condition that the taxi providing the taxi service has a fully functioning and operational taximeter calibrated with the approved flag fall of K1.70 and the approved distance charge of K2.30 per kilometre. That taximeter must be tested and sealed, as specified in Regulation 30(5)(c) of the *Motor Traffic Regulation* (Chapter 243).

The driver of a taxi having a fully functioning and operational, tested and sealed taximeter which has been calibrated to the previously approved flag fall of K1.50 and distance charge of K2.00 per kilometre, is entitled to charge the maximum approved fare of K1.70 flag fall and K2.30 per kilometre, by adding 20 toea to the K1.50 flag fall recorded on the metre and by adding 30 toea for each K2.00 kilometre distance charge recorded on that taximeter. Any such taxi must have a prominent notice fixed to the passenger's side of the dashboard which states: "The maximum fare for this taxi is K1.70 flag fall and K2.30 per kilometre. Until the taximeter has been adjusted to the new fares, the driver is entitled to payment of 20 toea extra flag fall and 30 toea for each kilometre, above the fare on the meter." All such taxis must have their meters recalibrated to the adjusted maximum approved fares as soon as possible, at which time the notice on the dashboard must be removed.

UNMETERED TAXIS

Taxis without fully operational and calibrated meters cannot charge the prices detailed above and will not be granted any future annual adjustment. The maximum fares which may be charged by taxis without meters in accordance with the *Prices Regulation Act* remain at K1.00 flag fall and K1.50 per kilometre 1, in accordance with the Commission's final determination dated 7th November, 2007.

1 The amounts for unmetered taxis contained in the notice in the *National Gazette* No. G175, dated 15th November, 2007, were incorrect.

Dated this 4th day of February, 2009.

T. ABE,
Commissioner,
On behalf of the Independent Consumer and Competition Commission.
