NATIONAL RESERVE BANK OF TONGA

NOTES TO AND FORMING PART
OF THE ACCOUNTS
YEAR ENDED 30 JUNE 1994**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND STATUTORY REQUIREMENTS.**

The accounts are prepared in accordance with the historical cost convention which has no regard to changes in the levels of prices.

ACCOUNTING POLICIES**(i) Foreign currencies**

Foreign currencies have been translated to Tonga currency at rates of exchange ruling at the year end.

Unrealised gains and losses arising from changes in the valuation of foreign currencies are taken to the revaluation reserve account in accordance with the provisions of Section 33 of the National Reserve Bank of Tonga Act, 1988 and are not included in the computation of annual profits and losses of the Bank. Losses arising from such changes are set off against any credit balance in the revaluation reserve account; if such balance is insufficient to cover such losses, His Majesty in Council shall cause to be transferred to the ownership of the Bank non-negotiable non-interest bearing securities issued by the Government to the extent of the deficiency. Any credit balance in the revaluation reserve account at the end of each year is applied first, on behalf of the Government, to the redemption of any non-negotiable non-interest bearing notes previously transferred to the Bank by the Government to cover losses. Thereafter, one fifth of the remaining balance is paid to the Government, except that if the remaining balance does not exceed \$100,000 it shall be paid in full to the Government.

(ii) Valuation of Securities

Short term bills are valued at cost.

Long term securities are valued at amortised cost less any provision for permanent diminution in value. Amortisation is charged on a straight line basis to write off the difference between cost and face value over the period to maturity. This represents a change in accounting policy in that previously, securities were valued at the lowest of costs, mid-market value and redemption value. The effect of this change in accounting policy in the current year has been to increase the operating profit by \$4,395,310. The change in policy is due to a Board decision to hold these securities for the long term.

(iii) Coins sold as numismatic items

The Bank sells, or receives royalties on, coins which are specially minted or packaged as numismatic items. These coins have not been accounted for as currency issued for circulation as they are not issued for monetary purposes. In terms of Section 53(2) of the National Reserve Bank of Tonga Act, 1988 His Majesty in Council has specified by notice in the Gazette that the Bank shall not be required to include in its accounts the face value of these coins in circulation.

(iv) **Income tax**

The Bank is exempt from all Government taxes in accordance with Section 55 of the National Reserve Bank of Tonga Act, 1998.

(v) **Depreciation**

Fixed assets are depreciated on a straightline basis so as to write off the cost of each fixed asset over its estimated useful life. Additions are depreciated on a pro-rata basis from the date of acquisition. The principal annual rates in use are:

Leasehold buildings	1.1%
Plant & equipment	6.7%
Carpets & drapes	10%
Furniture & fittings, computer equipment and motor vehicles	25%

4. INTERNATIONAL MONETARY FUND

- (a) The Bank was designated to serve with effect from 1 July 1989 as the fiscal agent of Tonga for the purposes of the International Monetary Fund by virtue of Section 51(1) of the National Reserve Bank of Tonga Act, 1988, and assumed the financial obligations of the membership of the Kingdom of Tonga as from that date by virtue of section 36(1)(c) of the National Reserve Bank of Tonga Act, 1988.
- (b) As at 30 June 1994, Tonga's membership subscription to the International Monetary Fund was SDR5,000,000 (1993 SDR 5,000,000). Of this amount SDR 1,192,323 had been paid in foreign currencies, shown in the Balance Sheet as Reserve Tranche, and the balance representing the Currency Subscription portion was satisfied by crediting the demand deposit accounts of the International Monetary Fund with the Bank.

5. DEPOSIT WITH TREASURY

Part of the assets of the Board of Commissioners of currency, taken over by the Bank on 1 July 1989, comprised a deposit with the Treasury of \$5,906,215. An amount of \$570,383 was repaid by the Treasury on 14 July 1989 and the balance remains outstanding. The deposit is non-interest bearing. The deposit arose through the method of accounting for notes and coins issued and redeemed by the Board of Commissioners of Currency through the Treasury.

- (b) Balance for the purchase of fixed assets - \$96,198 (1993 - \$314,069)
- (c) In accordance with the accounting policy in note 1 (iii) numismatic coins are not brought to account in the determination of the Bank's liabilities but a liability may arise if such coins are encashed for their face value. The Bank is of the opinion that in the unlikely event of encashment as legal tender, no significant loss is expected to arise.
